July 26th, 2016
Zero 8 Studios, Inc.
80 W 1st St. Ste.A
Reno, NV 89501

Dear Zero 8 Studios, Inc.

The Boys and Girls Club of the Truckee Meadows is proud to give their endorsement of your childhood fitness development series, "Moving Properly."

Our organization sees this visually entertaining physical education follow-along video series as being both fun and educational for children in 4th and 5th grade. It has proved itself by earning the interest and participation of many families who are involved with the Boys and Girls Club. The information contained in the Common Core concerning physical fitness is addressed and honored in this children's video series and it does a superb job at challenging young people to both exercise and learn about their developing bodies at the same time.

Accurately dubbed, "Moving Properly," each episode of the series instructs children as to the importance of proper body movements, breathing, stretching, walking, beginner yoga movements, and fast-paced agility activities which will help them establish positive and healthy attitudes and personal growth.

The Boys and Girls Club of the Truckee Meadows has been using this instructional series for many months and absolutely endorse the results. The kids who have participated in the program always have lots of fun and the program has now become a crucial part of their development.

Respectfully,

Rick Stevens, Director of Operations
Boys and Girls Club of Truckee Meadows
2680 E 9th St.
Reno, NV 89512
